SPECIAL ANNOUNCEMENT

Memo To: CLA Partners
Memo From: Mike Shalley, Executive Director
Date: March 29, 2017

Due to the news about the restructuring of Nazarene Bible College in Colorado, Springs, Colorado into an online institution, the institution has donated 50,000 volumes to Christian Literature for Africa. This is a great blessing which gives us the opportunity to ship an established library to our African Nazarene Theological Colleges.

The logistics are being worked out as we prepare to move the library from the USA to Africa. Retired missionary Ken Walker of Education Development United Foundation (EDUF) has partnered with CLA in this endeavor. We appreciate this added support.

In undertaking this task, teams are being formed to process the library before the deadline of June 7, 2017. We are asking for your prayerful support to underwrite this unexpected opportunity to equip our African institutions with quality resources.

A budget of \$20,000 has been proposed to prepare, process and ship 2-3 containers to the Nazarene Leadership in Africa. Since it takes about \$10 to pack and ship a box, the organizing committee has proposed the theme: "Adopt a Box of Books for Africa". (For \$10 you can ship a box to Africa)

For your assistance in publicizing the project, please see the announcement on the backside.
Thank you for your support,

The CLA and EDUF Teams
